

WATASOL®

Welcome to the Watasol way. Come along and take 5 simple steps with us.

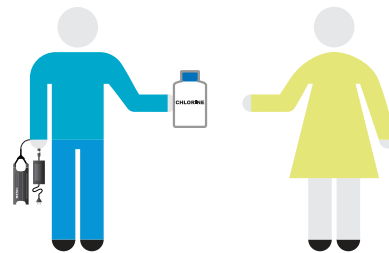

- 1 DEMO**
The demo introduces the Watasol technology and approach.

- 2 TRY-OUT**
The try-out gives hands-on familiarity.

- 3 TEST**
Testing in the field confirms the viability of local production of chlorine.

- 4 PILOT**
The pilot phase gives options for dissemination and business models.

- 5 SCALING UP**
Replicating success on a wide scale.

WATASOL®

Five simple steps to produce locally active chlorine for drinking water, or disinfection. Sustainably.
